SHAUNIX ACADEMY

Practical Skills for a Digital Future

 **SHAUNIX ACADEMY**

Learn. Build. Grow.

Academic Education + Computer Skills + Practical Learning — for school students, beginners, and skill learners.

COURSE TRACKS & BATCHES

ACADEMIC

9th–10th Foundation

Subjects: Maths, Science (Phy, Chem, Bio)

Duration: 8 months · Mon/Wed/Fri 4-6 PM

ACADEMIC

11th–12th Pre-University

Subjects: Maths, Physics, Chemistry

Duration: 10 months · Tue/Thu/Sat 6-8 PM

CODING

C++ Beginner / Advanced

Topics: Fundamentals, OOP, DSA

Duration: 3 months each · Mon/Wed/Fri 6-8 PM

CODING

Python Starter / Pro

Topics: Basics, Lists, Dicts, APIs

Duration: 3 months each · Tue/Thu/Sat 4-6 PM

WEB

Web Dev 101 / Full Stack

Topics: HTML, CSS, JS, Backend

Duration: 4–6 months · Sat 10 AM-2 PM

DESIGN

Design Basics / Pro

Topics: Canva, Photoshop, CorelDRAW

Duration: 2–3 months · Mon/Wed/Fri 4-6 PM

SOCIAL

Social Media Design

Topics: Posts, Reels, Ads, Carousels

Duration: 2 months · Tue/Thu 4-6 PM

DATA

Excel Master

Topics: Formulas, Pivot Tables, Charts

Duration: 2 months · Mon/Wed 6-8 PM

DATA

Power BI Pro

Topics: Dashboards, DAX, Reports

Duration: 2 months · Tue/Thu 6-8 PM

OFFICE

Office Suite + Google WS

Topics: Word, PPT, Sheets, Docs

Duration: 2 months · Sat 10 AM-12 PM

Batch Placement Guide

9th–10th Student

Foundation Academic + Any 1 Skill

11th–12th Student

Pre-University + Any 1 Skill

Complete Beginner

C++ / Python / Web Dev 101

Creative Student

Design Basics → Social Media / Print

School Academics + Practical Digital Skills

School Academics 9th – 12th

Strong foundation in Mathematics, Science, Physics and Chemistry with concept clarity, problem-solving skills and exam-oriented preparation.

Mathematics

- ✓ Complete syllabus coverage with concept clarity
- ✓ Step-by-step problem solving techniques
- ✓ Important questions and previous year papers
- ✓ Regular practice sessions and revision

Science (9th–10th)

- ✓ Physics, Chemistry and Biology with practical approach
- ✓ Concept-based learning with real-world examples
- ✓ Numerical problem solving and derivations
- ✓ Exam-oriented preparation and doubt clearing

Physics (11th–12th)

- ✓ In-depth concepts and derivations
- ✓ Numerical problems and formula applications
- ✓ Board examination focused preparation
- ✓ Practical experiments and lab work support

Chemistry (11th–12th)

- ✓ Physical, Organic and Inorganic Chemistry
- ✓ Numerical and conceptual practice
- ✓ Reaction mechanisms and name reactions
- ✓ Board and competitive exam preparation

 **Our Focus:** Concept → Practice → Problem Solving → Revision → Exam Preparation

Coding • Design • Data

Practical skills that are actually useful for school, college, jobs, business and freelancing — all taught hands-on.

Graphic Designing

- ✓ Adobe Photoshop, Canva, CorelDRAW mastery
- ✓ Poster, Banner and Social Media Creatives
- ✓ Business Cards, Brochures and Branding
- ✓ Logo design and visual identity creation

Programming & Coding

- ✓ **C++** – Fundamentals, OOP, Arrays and Data Structures
- ✓ **Python** – Fundamentals, Lists, Dictionaries and Real-world Programs
- ✓ **JavaScript** – DOM Manipulation, Interactivity and Web basics
- ✓ Project-based learning with practical assignments

Web Development

- ✓ HTML, CSS and JavaScript from basics to advanced
- ✓ Responsive and mobile-friendly websites
- ✓ Portfolio websites and mini projects
- ✓ Deployment and hosting fundamentals

 **Real-World Projects:** Every skill is applied through practical projects that build your portfolio and confidence.

Office & Data Skills

Master the tools that power modern workplaces — from spreadsheets to dashboards and professional documents.

Excel & Power BI

- ✓ Basic to Advanced Excel with Formulas and Functions
- ✓ Data Cleaning, Sorting, Filtering and Analysis
- ✓ Charts, Graphs and Pivot Tables for reporting
- ✓ Power BI – Dashboards, Reports and Data Visualization

Microsoft Office

- ✓ **Word** – Professional documents, formatting, tables and reports
- ✓ **PowerPoint** – Professional presentations with slide design
- ✓ Resume creation and business document formatting

Google Workspace

- ✓ Google Sheets, Docs and Slides for collaboration
- ✓ Online file sharing and permission management
- ✓ Practical spreadsheet work and team projects

Learn by Doing: Understand → Practice → Build → Improve → Showcase — every skill is applied to real-world scenarios.

Who Can Join: School Students • Beginners • Skill Learners • Future Professionals

★ BUILD YOUR FUTURE

Academic Knowledge + Digital Skills

Don't just study for exams. [Learn skills that last a lifetime.](#)

Academics

Maths · Science · Physics · Chemistry

Digital Skills

Coding · Design · Web Dev

SHAUNIX ACADEMY · Where Learning Meets Practical Skills

★ WHY SHAUNIX

Why Choose SHAUNIX ACADEMY?

We don't just teach — we build skills that last a lifetime.

Expert Faculty

Qualified teachers

Small Batches

Max 15 students

Practical Learning

Projects & portfolio

Certificate

SHAUNIX certified

Career Support

Guidance & mentoring

Demo Session

Free trial class

🎯 100% Practical

Learn by doing, not just theory

✅ Portfolio Ready

Build projects you can show

💬 Student Testimonials

"Maths aur Physics dono strong kar di. Ab main exam mein confident hoon!"

— Ananya, Class 12
★★★★★

"Graphic Design aur Python dono seekha. Ab freelance bhi kar raha hoon!"

— Rahul, Class 11
★★★★★

💬 Student Testimonials

"The Web Development course was a game changer. I built my first portfolio website in just 2 weeks!"

— Priya Patel, BCA Student
★★★★★

"The UI/UX Design course helped me land my first internship. Highly recommend Shaunix Academy!"

— Arjun Mehta, Design Enthusiast
★★★★★
